## Profile

I am an aspiring Android developer with a strong foundation in Java and a passion for UI/UX design. While I may not have professional experience in the field, I am enthusiastic about learning and growing in the world of mobile app development.

## Education

2016 – 2022 **Nazarbayev Intellectual School**

High School Diploma, GPA 3.6/4.0

2022 – now **Nazarbayev University**

Bachelor in Computer Science

2023 – now **EPAM**

Android Development

## Employment

2023 – now **SMM in Google Developers Student Club**

Effectively translated subject matter into engaging visual content for the Google Developers Student Club (GDSC) as a Social Media Manager (SMM).

## Achievements

3rd place **“She code” Hackathon by AIESEC**

Successfully incorporated gamification elements into the "Zapis" app, enhancing user engagement and interaction. These gamification features have contributed to a more enjoyable and

merit prizes **Nehackathon'23 by GDSC**

Developed a concept with a detailed description or prototype for an enhancement to the labeling system.
